

## Government Affairs Committee

### **Purpose:**

To monitor and evaluate (on an ongoing basis) any pending legislative, regulatory or legal developments and action at the federal, state and local level which may have an impact on the management of human resources. To inform Association members of same and offer resources to respond and take action.

### **Goals & Objectives:**

- Provide timely information on any developments that may be of interest to members and offer resources/guidance on how to respond and take action (urge members to establish contact with elected officials). Information may be provided through several means of communication including summary of recent issues and pending legislation.
- Work closely (network/liason) with national and PA State SHRM Legislative Affairs representatives and committees and/or the Chamber of Commerce to gather information that can then be communicated to the members.
- Assist in the development of and fully support any workshops and/or seminars which are designed to address government/legislative affairs and issues.
- Maintain contact with state legislators.
- Encourage chapter members to respond to major legislative alerts issued by SHRM's Government Affairs Team.
